Transom walkthrough for landing swimming family and fish

MORE ADVENTURE. MORE LUXURY.

Open air never felt so good, or so safe. The day starts with perfect weather for the run to a new beach, sand bar, or island. Epic family times ensue. The horizon darkens and the other boats pack up and leave early. We've all been there, but your 4 enables another hour or two of paradise to yourselves. The open air layout transforms to a weatherproof, dry, air-conditioned pilothouse. Everyone is happy.

Patented ride parts the seas, deflecting wave action down and aft to ride atop the waves smoothly
